

MCAL Thank You Letter to Senior Athletes

To All Spring Athletes,

The Marin County Athletic League, and all its member schools, want to thank and recognize all student athletes who participated in the 2020 Spring sports season.

Although the Spring season was cut short due to the COVID-19 pandemic, your school and your community wants to recognize you for the preparation, dedication, and passion that you bring to your sport.

The Marin County Athletic League would like to send a special thank you to the graduating seniors of 2020. Please know that your coaches and site Athletic Directors explored all options and fought hard to try and save this final season of the year. The canceling of the Spring season was not an easy choice or something that we all arrived at lightly. Thank you for the years of service over the past four years. Your commitment to your sport, your teammates, and your school is something you should be incredibly proud of. We wish you nothing but the best in all of your future endeavors.

The Marin County Athletic League would also like to extend a huge thank you to the coaches. You got them ready to compete, day in and day out and ensured that in the midst of all of the work, there was also joy, excitement and achievement. Your ability to get these student-athletes prepared to address and overcome challenges, on and off the field, is immensely appreciated.

The Marin County Athletic League wishes the current underclassmen luck in their upcoming seasons.

To all spring athletes, thank you for your positive attitude, flexibility, and perspective in these challenging times.

In gratitude for all of your efforts,
MCAL (Novato, San Marin, Branson, Marin Catholic, Terra Linda, San Rafael, Drake, Redwood, Tamalpais).
