### **Attendance at League Meetings**

Varsity coaches or their designee are expected to attend a preseason meeting and a post season/all league meeting. Failure to attend a meeting will result in a \$50 fine against the school which will be assessed to the school at the end of each season of sport. Principals & Ads will be notified immediately after the meeting of their coach's absence. If all school are not represented at the starting time of a meeting, any voting items will be delayed 15 minutes. If a school representative arrives after the 15-minute grace period, there will be no re-voting on items missed. The coach will be allowed to vote on any item after they arrive.

### **Attendance at School on Game Day**

This is an individual school district policy. The league recommends that an athlete should be in four classes the day of a contest. Check with your local school as some have different (stricter) policies.)

### **Awards**

Member schools of the MCAL are not allowed to accept athletic awards that contain reference to the MCAL without the approval of the League Commissioner.

### **Baseball—Use of Albert's Field—must be authorized by school administration**

All MCAL coaches should refrain from approaching students at a different school other than the one they coach. Coaches who do this may be in violation of CIF rule 510, undue influence. Coaches also need to be aware that approaching a grammar school student while wearing school attire would be in violation of rule 510, undue influence, and their high school program could be penalized.

### **Behavior of Students**

Visiting school students shall not sit in the bleachers of the home school, and vice-versa. Non-participating students shall stay off all playing areas during, before, and at half time of any contests. The home band shall furnish music at basketball games. At the playoffs both schools may have bands but music must be coordinated. All types of noisemakers, such as sirens, tooters, cowbells, megaphones, squawkers, etc., shall be prohibited at all League indoor contests including playoffs. Megaphones may be used for directing rooting sections only, just by the yell leaders.

### **Changing a League Contest—regular contest**

Any change in the date and/or time of any activity must be mutually agreed upon by the principals (or their designee) of the schools involved. Changes to the MCAL schedules may only occur when there is a school-related conflict, facility issue or natural disaster. A contest may be changed due to extenuating circumstances after the review by the AD board and the board agrees the change is warranted. The principal (or their designee) is the only person authorized to make changes. If principals (or their designee) mutually agreed on a date change, the game time should remain the same as the originally scheduled contest unless the time change is also mutually agreed upon. It is the responsibility of the school requesting the change in time/date to notify the league office and the officials. Any expenses incurred due to the change will be the responsibility of the team requesting the change unless other agreements have been made.

### **Changing a League Contest—spring break**

For spring break game conflicts, the school requesting the game change must inform the opposing school prior to the start of the spring season of sport starting date.

### **Cheerleading Routines for Basketball**

Cheerleading routines must be NO LONGER than two minutes and thirty seconds per school. The two minutes and thirty seconds includes time to get on the floor, the routine and the time to get off the floor. The court MUST be cleared for basketball team warm-ups with four minutes left on the clock. It is HOME management's responsibility to insure that the time schedule is adhered to.

### **Coach Certification**

The Coaching Education program is a two-part program. It consists of the American Sports Education Program (ASEP) Coaching Principles Course and a CPR, Sportsmanship and Sports First Aid Course. These courses will be offered three times during the school year (August, October, and January). School Districts may have additional requirements for their coaches and are ultimately responsible for enforcing certification. Coaches must attend the course and pass the ASEP test as well as meet the requirement for CPR/First Aid, fingerprints, concussion, sudden cardiac arrest and TB check guidelines. A late-hire coach or a coach who has a problem meeting the coaching education course date has a one-season grace period to make it up. This means that a coach could not start another season of coaching in that sport (or another sport) without passing the ASEP course. The league office is responsible for offering the courses to the MCAL coaches and for reporting on attendance to the individual schools. As of Dec. 2008 all coaches regardless of paid or volunteer must be certified to coach in the State of California

## **Dues**

1. The MCAL will set dues by the last Board meeting of each year for the following year for member schools based on league expenses.
2. The Board of Managers shall approve recommendations for change in dues.
3. Yearly dues: \$4500 per school; \$500 per supplemental assignment and \$1000 Coaching Education fee.
4. Pre & post season meetings are held in all sports. A \$50 fine will be assessed to a school for any preseason or post-season meeting missed by their coach.

## **Emergency Procedures**

When the Marin County Office of Emergency Services or the Marin County Office of Education sends out any disaster warning, the MCAL will honor the alert and cancel ALL contests.

## **Ejection**

A coach or player who is ejected shall leave the vicinity of the playing area immediately and is prohibited from further contact, direct or indirect, with the team or other coaches during the remainder of the game. The coach or player is ineligible for the next contest. In the case of soccer, a player who receives two yellow cards is ejected (considered a soft red). Although this ejection does not go towards a NCS ejection policy, the athlete is ineligible for his or her next contest. In the case of an underclass student athlete in the last season contest, this policy applies to the next season of sport. In the case of a senior student athlete, it applies to the next sport's season the athlete participates in, if applicable.

If the coach or player is sitting out a game due to ejection, they cannot be at the site or the vicinity of the site of the contest.

If a coach or player attends a contest that they are to sit out of, they will be ineligible for another contest.

## **Entry fees for NCS Activities**

The North Coast Section charges the league for ALL entries to NCS championship series. The league office will bill individual schools who have chosen for their team(s) to participate in NCS competition.

## **Fighting**

- Any athlete ejected from any athletic event for fighting would automatically not play in the next contest. If ejected a second time during that season, the athlete is finished for the season. This rule applies to all contests—pre-season as well as League and post-season.
- When any player(s) leaves the bench to begin or participate in a confrontation or leaves the bench area or dugout during an altercation, they will receive the following penalty: Ejection from the contest of those identified by the officials, ineligibility for the next contest and player(s) to be placed on probation for the remainder of the season. An appeal may be made to the commissioner. The commissioner's decision is final. The officials must make a written report to the commissioner. A second similar infraction will result in cessation of the season for the player(s) with no appeal.
- For further detail, refer to the NCS Ejection Policy.

## **Forfeiting a League Contest**

### **For varsity competition:**

1. Should a school's team or teams fail to participate in any of its contests as per the league schedule, it's action would represent a breach of the implied contract and the school would be further guilty of breaking its faith with the member schools of its league and the North Coast Section, C.I.F. (In the sport of golf, if a school cannot field a team due to lack of numbers, the contest is a forfeit loss, but this rule does not apply.)
2. League contests that are canceled by mutual agreement of the competing schools or by the respective league would not be cause for the action stated below:
  - A. Failure to fulfill a scheduled league contest shall subject the forfeiting school to the following actions:

      - c. Exclusion from participation in CIF
      - d. Sport season championship competition in all sports for a period of time to be determined by the NCS Executive Committee,
      - e. Expulsion from the league and any other NCS league in all sports for a period of time to be determined by the NCS Alignment & Classification Committee,
      - f. Placement on non-league affiliated membership status for a period of time to be determined by the NCS Board of Managers.
    3. Third Offense (items above) plus:
      - a. Expulsion from the NCS for a period of time to be determined by the NCS Board of Managers.
    4. The actions of the Alignment & Classification Committee or Executive Committee in all matters stated above would be subject to appeal to the NCS Board of Managers.

### **For non-varsity competition:**

1. Should a school's team or teams fail to participate in any of its contests as per the league schedule, it's action would represent a breach of the implied contract and the school would be further guilty of breaking its faith with the member schools of its league and the North Coast Section, C.I.F.
2. League contests that are canceled by mutual agreement of the competing schools or by the respective league would not be cause for the action stated below:
  - A. Failure to fulfill a scheduled league contest shall subject the forfeiting school to the following actions:

    2. Reduce the preseason schedule the next season by three (3) contests
    3. Exclusion from competing for the league championship pennant
    4. Probation in the sport in which the school did not compete
    5. Probation for the whole athletic program

### **Game Called, Cancelled or Suspended**

1. Cancelled, called or suspended games must be made up by the next available date.
2. **Definition of the next available date:** The next available date is the next available day when both teams are without a contest. This means that if a game is cancelled, called or suspended on Tuesday, it should be made up on Wednesday. If it can not be made up on Wednesday, it should be scheduled for Thursday, etc. Saturdays should be considered an available day to make up a contest. A day in which both teams are not playing should not be skipped unless officials can not be present. The next available date is the actual next day when neither team is playing **NOT** the next convenient date. If there are numerous contests to be made up, they should be made up in the order they were cancelled.
3. For baseball & softball—When a game is suspended and the game is a first round contest, it shall be finished at the beginning of the second round contest. When a suspended contest is in the second round, it shall be made up on the next available date.
4. If teams by pass the next available date the Commissioner may rule the contest a loss for both teams.
4. It is not necessary to make up non-varsity games after the season has officially ended (i.e., last varsity game date) unless the game has a bearing on the league championship.
5. Inclement weather: Home teams will be responsible for canceling games due to inclement weather. All games must be canceled by 1:00.
6. ***Only the athletic director or a site administrator may cancel or reschedule a game.***

### **Game Date and/or Time Changes**

Any change in the date and/or time of any activity must be mutually agreed upon by the principals (or their designee) of the schools involved. Changes to the MCAL schedules may only occur when there is a school-related conflict, facility issue or natural disaster. A contest may be changed due to extenuating circumstances after the review by the AD board and the board agrees the change is warranted. The principal (or their designee) is the only person authorized to make changes. If principals (or their designee) mutually agreed on a date change, the game time should remain the same as the originally scheduled contest unless the time change is also mutually agreed upon. It is the responsibility of the school requesting the change in time/date to notify the league office and the officials. Any expenses incurred due to the change will be the responsibility of the team requesting the change unless other agreements have been made.

## **Game Supervision**

1. There shall be an administrator or designee in attendance at each varsity football and basketball game (home and away) during the MCAL regular season.
2. There shall be an administrator or designee in attendance at all MCAL soccer, baseball, lacrosse, basketball, softball, waterpolo and volleyball playoff games.
3. There shall be an administrator or designee in attendance at baseball contests that are held at Albert's Park. *It is the responsibility of the host school to contact the visiting school prior to the start of each season and inform them that the contest will be held at Albert's Park.*
4. Security Personnel is required when using Albert's Field. It is the responsibility of the home school to make arrangements with the security personnel and pay for all expenses.

  - B. Upon arrival at the site, the home school supervisor, who will identify him or herself as such, shall contact the visiting coach (es) and officials.
  - C. It is recommended that the home coach not perform the duty of home school supervisor.
  - D. The home school supervisor may be an administrator, athletic director or other staff member as designated by the home school.
6. **Sideline protocol for football**

Everyone who is on the sidelines of a football game must have a sidelines pass. Each school will establish their own protocol.

## **Grammar School Students**

Coaches need to be aware that approaching a grammar school student while wearing school attire would be in violation of rule 510, undue influence, and their high school program could be penalized.

## **Holidays**

1. No games, team meetings or practices may be scheduled on Sundays.
2. Whenever possible the MCAL schedules in all sports should avoid conflicts with all major religious holidays. (i.e., Yom Kippur, Christmas, Good Friday).

## **Inclement Weather**

Home teams will be responsible for canceling activities due to inclement weather. Contests **MUST** be canceled by 1:00. ***Only the athletic director or a site administrator may cancel or reschedule a game.***

## **Ineligible Student**

A student who is ineligible due to discipline issues, shall not practice with a team or appear in a uniform at any practice or league contest. A student who is ineligible due to academic issues, shall be allowed to practice with a team but may not be issued or appear in a uniform at any league contest.

## **Intention to Not Field a Team**

Any school not intending to field a varsity team sanctioned by the league must declare that by the start of the previous season of sport (Fall---February, Winter---August, Spring---November). In the sports of football, basketball and baseball for boys and volleyball, basketball and softball for girls, a school should field a varsity team first. If a school needs to drop a varsity team and have only a junior varsity team and have missed the deadline they may petition the league to have a junior varsity teams instead of a varsity team.

## Life Passes

1. Life passes to events sponsored by MCAL and MCAL members' schools may be issued to those who have made a significant contribution to the league over time.
2. Any person receiving a life pass must have had a positive working relationship with a school district, the league or acted as an official in the league for a minimum of ten years.
3. Nominations for Life Pass recognition shall be made in writing to the league office and then distributed to the MCAL B of M for review.
4. The Commissioner has the authority to issue lifetime passes.

## MCAL Name or Logo

The Commissioner must approve any use of the MCAL name or logo.

## Media

It is the responsibility of the home team in all sports, win or lose, to report results to the media and post results on MAX PREPS.

## Method for Breaking Ties

The Marin County Athletic League in most sports has **double round play**. The following is the criteria used to break a tie when the sport is divisional:

**IF TWO OR MORE TEAMS ARE TIED FOR A PLAY-OFF POSITION THE FOLLOWING WILL BE USED IN ORDER THAT THEY APPEAR:**

For all spots except for the last spot:

1. Head to head competition (Winning percentage)
2. Record above the tie (Winning percentage)
3. If a tie still exists between any two places. ...use numbers drawn for place\*

For the final play-off spot if two teams are tied:

There will be a play in game to the play-offs if there is no head to head advantage (2-0) except in single round sports, where the one head to head will be used.

- a. host is the highest draw number
- b. admission would be charged as it is a play-off contest

If more than two teams are tied for the last positions, 1 & 2 above will be used to break the three-way tie to qualify the first play in game team. If the tie is not broken between the three teams using 1 & 2 above, then the draw numbers will be used to eliminate a team and the other two will play off for the 6<sup>th</sup> spot.

If one team qualifies and there are two teams tied for the second play in game spot, 1 & 2 above will be used again to qualify the second play in game team. If a tie still exists after using 1 & 2 above, then the tie breaking numbers will be used to eliminate a team and the remaining team will qualify for the play in contest.

\* Numbers are drawn each spring for each school for each season of sport. It has been determined that a low number (1, 2, 3...) would be the top. The top number has priority!

## Moving Up

1. During the preseason there is open movement between varsity and lower levels. Once the league season begins and an athlete suits up for varsity competition or is on the varsity roster, that player may no longer move down except during the spring break. Players on a league lower level team may play in a tournament during the spring break as a varsity player and move back to being a lower level player when the league schedule resumes.

2. If it is necessary for a lower level player to move up to varsity so a school can field a varsity team due to illness or injury, the player may move up for the contest(s) in questions and return to the lower level. The school moving the player up must inform the league office to receive permission to bring the player up for a limited time and then once permission is granted, must notify the opposing school(s) as well.
3. Players may move between the junior varsity and freshman teams.
4. The Commissioner may waive this rule if within the first 10 days of the league season there is a written request to the league office signed by the principal, athletic director and coach of the school involved.

### **Multiple Teams**

Athletes are not eligible to participate simultaneously in more than one MCAL sport during any season of sport.

### **Music at MCAL play-offs**

Music which has been reviewed and approved by athletic directors is allowed at MCAL play-offs. Any use of music not approved by athletic administration will be considered a violation of MCAL rules. For MCAL basketball, music will be provided by the MCAL not by participating schools.

### **Number of Teams**

Any sport where nine schools are eligible to have teams, there must be six to qualify for a league. Once a level of play is established and later, dropped due to lack of teams, it may automatically be reestablished when there are six schools fielding teams. A level of a sport may only be added if the adding a sport or level requirements are met (pg. 1). Any proposal for establishment of a new sport or level of team be submitted to and approved by the governing entity of at least six MCAL member schools prior to the establishment of that new MCAL sport or team.

### **Officials**

The MCAL office is responsible for contracting with official's organization. The contracted rates apply to all practice and league contests. The MCAL is responsible for all assigning fees for all league contests while individual schools are responsible for all accounting, association, cancellation fees as well as the assigning fees for all practice contests.

### **Officials for Playoffs for Basketball & Baseball**

By a date determined at the pre season coaches meeting, the head coaches in basketball should provide to the Commissioner of the league a ranking of all officials. This ranking will be used to determine the officials for the playoffs. The Commissioner will forward this list to the assignor. The MCAL office will request that the assignor do all possible to have the best officials recommended by the coaches officiating MCAL playoff contests. It is league policy that the best officials may be contracted to work more than one playoff contest. Coaches also have the right to recommend ONE official not to work their contest. (This rule is under review and may change)

### **Officials—no shows for lower levels**

If an official does not arrive to officiate and an effort has been made to contact the assignor to verify that an assigned official will not be coming and an attempt has been made to secure another official who is available to officiate the following policy may be used if mutually agreed upon by the coaches:\*

If a person is 21 years of age and has knowledge of the rules of the sport and meets one or more of the following criteria, they may assume the role of the official:

1. Athletic Director

2. Teacher, Administrator or staff person from either campus
3. Varsity Coach from either team
4. Asst. Coach from either team
5. Head Coach from either team provided there is an asst. coach to take over coaching duties.

AT NO TIME may a parent officiate a game unless they meet one of the above criteria.

Volunteer coaches MAY NOT step in unless they have been finger printed, etc. according to Title V and are covered by school liability insurance.

\* If there is not an agreement by the coaches and a qualified person is available, the contest may be played under protest.

### **Pennants**

1. Pennants for varsity league champions will be presented at the conclusion of the playoffs.
2. If there is no playoff in a particular sport or for non-varsity teams, the pennants will be presented to the team as soon as possible by arrangement with the athletic director.  
The team with the best record will determine non-varsity championships. If two teams have the same record, the team who won the head to head is champion.
3. If the winner of the playoffs is different than the regular season winner, they will also be awarded a pennant.

### **Playoffs (MCAL)**

1. If a school is participating in an MCAL playoff contest where admission is charge, an administrator in charge **MUST** be present 15 minutes **in advance** of the contest starting.
2. The administrator in charged must be designated by the principal and **MAY NOT** be the coach.
3. The MCAL Board of Managers have agreed **IF** an administrator is not present at game time, the contest **WILL NOT** begin until an administrator in charge arrives.
4. The Commissioner or his/her assistant has the right to declare a playoff contest a forfeit after a 30-minute delay.
5. Although some MCAL play-off contests are held at home sites of the higher seed, they should not be considered home contests. No school should be holding a team/coach recognition, awards or gift ceremony before, during or after the event.
6. Music which has been reviewed and approved by athletic directors is allowed at MCAL play-offs. Any use of music not approved by athletic administration will be considered a violation of MCAL rules. For MCAL basketball, music will be provided by the MCAL not by participating schools.

### **Playoffs (NCS)**

1. The MCAL playoff champion or league play champion, if no playoffs, will be the automatic qualifier to NCS playoffs.
2. If for any reason, the full MCAL playoff tournament can not be held, the regular season champion will become the automatic qualifier to NCS.
3. Any MCAL team with a winning record may choose to apply for an at large birth. The decision to apply is an individual school decision and the school will incur all costs for participation.
4. NCS regulations may alter the foregoing, especially in sports with 2A and 3A divisions.

### **Post Season Competition**

1. The right to participation after the last regular league season contest is reserved for varsity level competition only. During MCAL play offs, if a school has a game or scrimmage left and they have a chance to make NCS, they may schedule a non league contest
2. No lower level postseason competition is allowed in any sport.

### **Protests**

1. All protests must be made in writing by the principal of the school making the protest to the principal of the other school involved. A copy shall be sent to the Commissioner.
2. Protests on ground conditions must be made before the start of the contest.
3. Protest of judgment calls by officials will not be accepted.
5. Protests must be received by 4:00 p.m. of the school day following the contest to be protested, postmarked or clocked on receiving school's clock.
5. The Commissioner shall first review protests based on questioned eligibility if either the complaining or defending school principal requests. Cases involving eligibility of players are not under the 24-hour time constraint.
6. Protests not resolved between the principals or with the help of the Commissioner may be referred to a Protest Committee at the request of either principal. The Protest Committee shall be composed of three members of the MCAL Board of Managers appointed by the president. No member of the Protest Committee shall be from any school involved in the dispute. The Protest Committee shall listen to all sides of the dispute and make disposition of the case.  
*Appeal of the disposition of the case may be made to the MCAL Board of Managers.*
7. The Protest Committee may set penalties for violations according to rules of the activity and the CIF/NCS.
8. The Protest Committee will prepare written rationale for its decision to be kept on file in the Commissioner's office.
9. The school losing the protest may be asked to pay reasonable costs of the protest upon presentation of an itemized bill.

### **Reporting Scores**

All varsity coaches are required to report scores of contests to the newspaper and as required by NCS.

### **Schedules**
